

# NARAH

Making AI shopping more accurate,  
measurable, and useful.

FOR CONSUMERS

FOR COMPANIES

Verified product information • AI visibility analytics • Better decisions

University of the Incarnate Word | HSI: Battle of the Brains 2026

## THE PROBLEM

# AI is changing shopping — but creating a visibility gap.

**127%**

YoY growth in AI-driven  
retail traffic

Adobe, Aug. 2026

**8%**

Click-through rate when an  
AI summary appears

Pew Research Center

**20–40%**

Traffic declines reported by  
digital businesses

Kellogg Insight

### Consumer risk

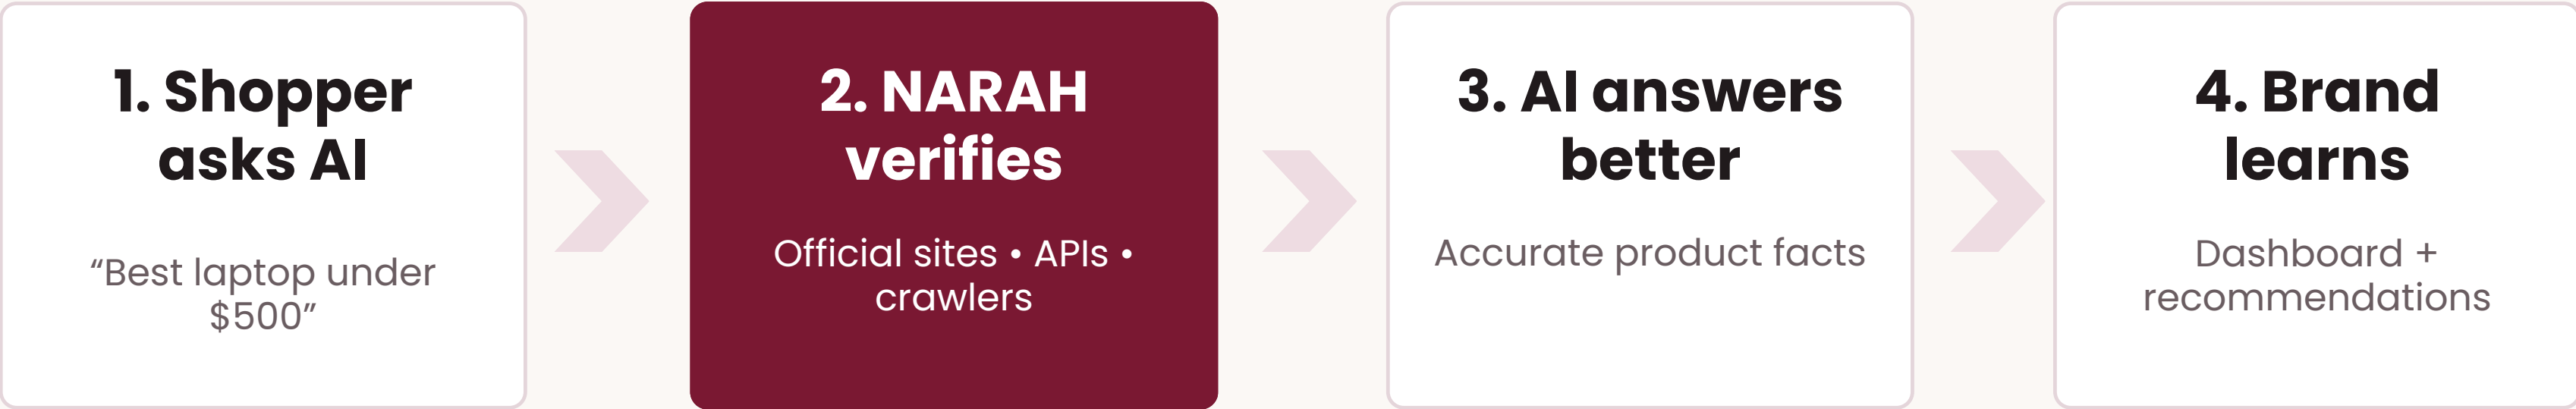

Wrong price, features, availability, or  
recommendation.

### Business risk

Lost traffic, lost attribution, and no  
clear way to measure AI visibility.

OUR SOLUTION

NARAH becomes the trust layer between AI, shoppers, and brands.

**NARAH AI  
Guard Rails**

Only verified sources • protects PII • tracks useful metadata  
• reduces hallucinations

## WHY NARAH WINS

# One platform. Two clear reasons to use it.

### FOR SHOPPERS

## Faster, safer product discovery

-  Verified information from official sources
-  Less time comparing websites
-  Better confidence in AI recommendations
-  Bilingual website

**Goal: 50,000 shoppers in Year 1**

### FOR COMPANIES

## Visibility, accuracy, and insight

-  See how products appear in AI shopping
-  Measure AI-referred traffic and demand
-  Get recommendations to improve performance

**Goal: 95%+ tracked product facts correct**

**BUSINESS MODEL**

**Recurring revenue through tiered memberships.**

**BRONZE**

**\$299/mo**

- Verified product info
- Monthly AI report
- 1 AI platform
- Monthly crawling

**SILVER**

**\$799/mo**

- Everything in Bronze
- Weekly crawling + SEO
- Competitor & customer insights
- Multi-platform reports

**GOLD**

**From \$5,000/mo**

- Everything in Silver
- Real-time crawling
- Advanced guardrails
- Real-time traffic recommendations

As our business expands we plan to offer an affordable one month plan

## PERFORMANCE

**We measure success with one core KPI.**

**+5 pp**

**AI Shopping Inclusion Rate**

Target improvement within 90 days

If a client appears **more often in AI-generated shopping recommendations**, NARAH is creating **measurable business value**.

## What makes it defensible?

1

### **Verified-source architecture**

**Official business** and retailer **data**, not open-web guessing.

2

### **Dashboard feedback loop**

Brands improve data; **better data improves AI answers**.

3

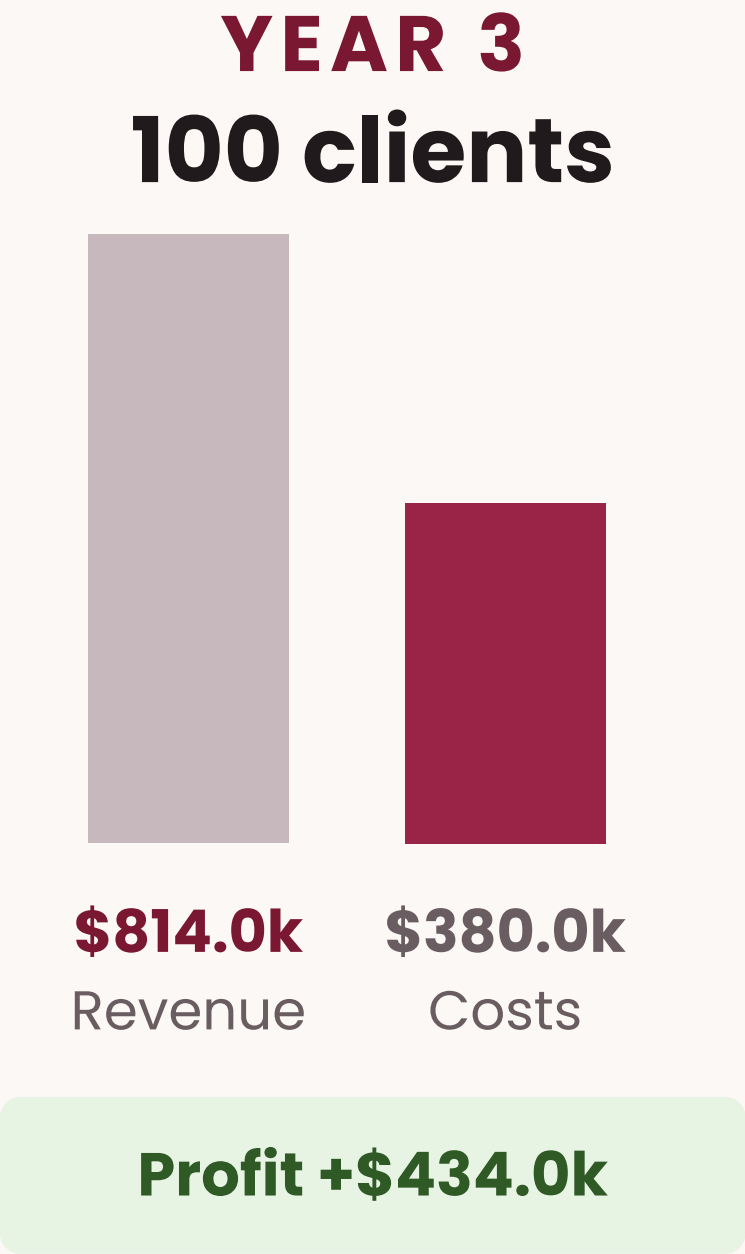

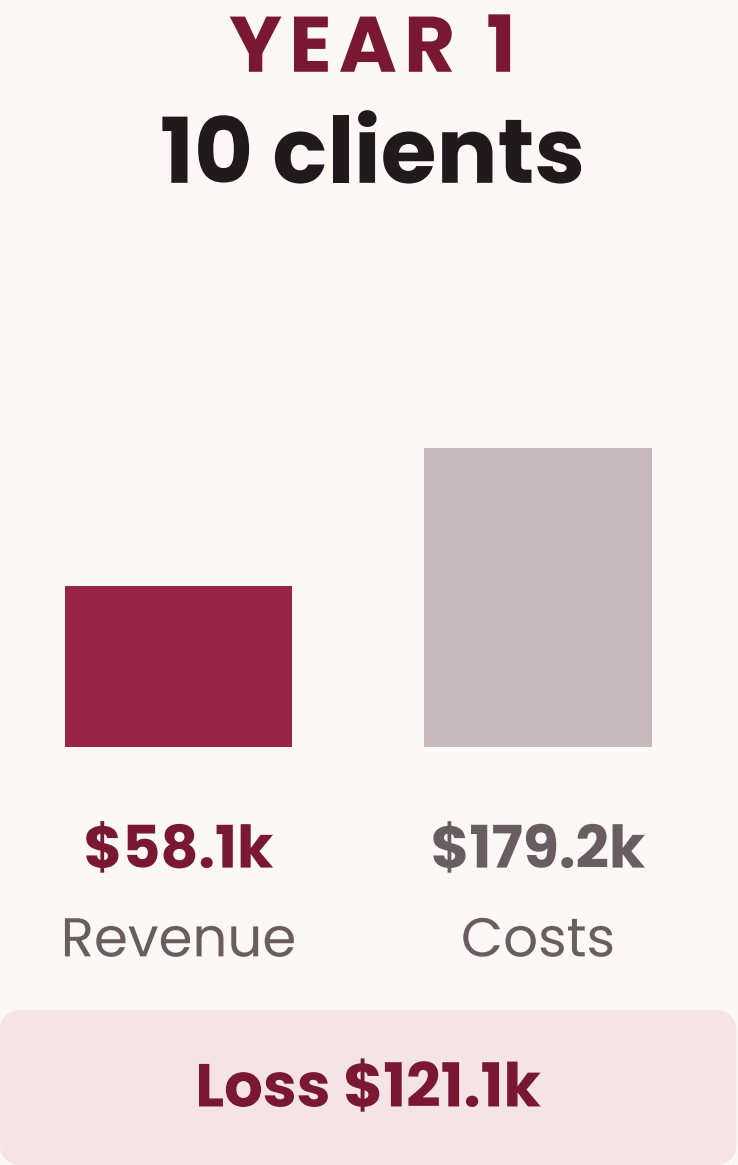

### **Trust + privacy layer**

**Guardrails**, opt-outs, and limited collection of **necessary metadata**.

FINANCIAL OUTLOOK

The model reaches profitability in Year 2 and scales in Year 3.

\$175K seed ask

# AI shopping is already here. NARAH makes it trustworthy — and measurable.

For shoppers: better answers.  
For companies: better visibility.  
For NARAH: a recurring, scalable B2B model.

**\$175,000**

**SEED FUNDING**

Build • Secure • Scale

AI SHOPPING INTELLIGENCE

MEET NARAH

# Before the click, there's a question.

A smarter way to discover products.  
A clearer view for businesses.

Shopping, understood.
